Foster and Kinship Care
RESOURCE DIRECTORY 2019-2020

The Foster Care Initiative under the Every Student Succeeds Act (ESSA) within Denver Public Schools (DPS) provides supplemental resources to district students residing in out of home placement. We serve as a navigator for Denver-area support services. Some resources may be provided within DPS while others through community agencies.

A referral can be made to our services from the county case worker or through a district support staff familiar with the family.

Resource areas of support can include:

- Coordination of school meal assistance
- Backpacks/school supplies (when available)
- Basic-needs supplies (when available)
- Emergency food (when available)
- Emergency clothing needs (when available as well as a referral to Clothes to Kids)
- Emergency transportation assistance to/from DPS school (case by case determination)
- Assistance with school fees (when financial assistance is available) or help with waiver process
- Holiday Assistance (when available)
- Community directory for additional services available in the Denver metro area

INTRODUCTION

AN OVERVIEW ON THE FOSTER CARE ESSA GUIDANCE

WHAT IS ESSA?

The Every Student Succeeds Act (ESSA) is a law passed in December 2015 that governs the United States K–12 public education policy. The law replaced the No Child Left Behind Act (NCLB). Contains key protections for children in foster care that require state and local educational agencies to collaborate with child welfare agencies. The goal is to ensure the educational stability of children in foster care.

Overview of ESSA key points regarding foster care:

- Student will remain in school of origin (unless determined best interest to enroll at a new school. This is decided in a BID meeting- Best Interest Determination.)
- Student can immediately enroll in the new neighborhood school (even if they lack records)
- The new (enrolling) school immediately contacts the school of origin to obtain relevant academic and other records
- Enrollment must not be denied or delayed for any population of students because documents normally required for enrollment have not been provided
- Title I funds can be used in collaboration with state funds to help with transportation to school of origin

For more information on the foster care ESSA guidance: https://www.cde.state.co.us/dropoutprevention/fostercare_index

For kinship guidance defined by CDE: https://www.cde.state.co.us/dropoutprevention/fostercare_legislationandguidance

WHAT CAN FOSTER AND KINSHIP PARENTS DO?

- Reach out if you need help with enrollment
- Self- identify as foster/kinship on the federal programs form at enrollment time
- Call/email us for free meal assistance
- Reach out for foster and kinship student school needs
- Connect with your school for support and assistance
- Connect with your child welfare agency to participate in BID meetings, obtain advocacy from your child welfare education liaison and connect to their agency resources.
