

## Requesting off duty DPD Officer for special events

The Denver Public School Department of Climate & Safety recognizes that there are appropriate private events and/or circumstances in which schools may request one or more off-duty Denver Police Department (DPD) police officers be present. As these events are outside the standard police services and protection provided to the public, Schools will be charged the officers' overtime rate to work the event.

Any school wanting to hire a uniformed, commissioned Denver police officer for law enforcement-related work should contact the listed District SRO Supervisor a minimum of two weeks before the event. The two-week notice allows time for all requests to be reviewed for approval. All off-duty assignments are on a voluntary basis; therefore requests received less than two weeks before the event date may not be approved due to insufficient time to arrange for an off-duty officer to be available.

Officers performing extra-duty assignments will do so in his/her official capacity as a Denver police officer, in full uniform, with department equipment, including the use of an official patrol vehicle. Please be advised that the officers will be required to follow DPD departmental policies and procedures and will enforce all applicable Colorado State law and ordinances while dealing with any possible activity or incidents that occur at or in connection with the event.

The hourly rate for an off-duty police officer is \$85-\$95 an hour. There is a four-hour (4-hour) minimum charge for each officer.
