

Over the previous months, HR organized an education campaign across the company for all employees to participate in the **BAI Family Survey**. With the goal for employees and their families to understand all the health insurance resources available to them.

The BAI team will continue to be available to help our employees throughout the year. If you experience certain life events (new hire, termination, marriage, new diagnosis, FMLA, etc.), BAI will proactively reach out and see if there is anything they can do to help.

BAI's team of expert health insurance Resource Specialists can:

- Review your current health insurance plan and advise you on the best coverage options for you and your family.
- Prepare you for any upcoming changes or Qualifying Life Events

You can now contact the BAI team directly when going through one of these life events.

Dessie, Stacey, and Kayla are our dedicated contacts at Benefits All In. Please call or email them directly at:
